

Wyoming

Information and Driver Qualifications

This lesson details general rules and regulations regarding school bus driver employment in the State of Wyoming and discusses preliminary qualifications for certification.

Wyoming Vehicle Laws—Title 31

This lesson states vehicle laws that pertain to the safe operation of a school bus in the State of Wyoming.

Pre- and Post-trip Inspections

This lesson discusses the background of school bus safety and school bus design. It also details pre- and posttrip inspection procedures.

Pre-trip Air Brake Inspection

This lesson describes air brake components and discusses pretrip air brake inspection procedures.

Blind Spots/Danger Zones and Mirrors

This lesson identifies blind spots and danger zones around a school bus and details the use of mirrors to eliminate these dangerous areas.

Pickup and Discharge Procedures

This lesson details the proper procedures for picking up and discharging passengers. Also discussed are bus mirror settings, blind spots, and techniques for transporting special needs students.

Sound Driving Practices 1

This lesson describes characteristics of a professional driver and discusses a variety of conditions that affect drivers and vehicle operation.

Sound Driving Practices 2

This lesson discusses sound driving practices, including traffic control, steering techniques, turning movements, highway hypnosis, six-point vision scan procedure, night driving, and headlight etiquette.

Sound Driving Practices 3

This lesson discusses sound driving practices, including speed limits, following distances, passing, stopping, downshifting, and avoiding collisions.

Backing and Turnabout Maneuvers

This lesson details the proper techniques for backing and making turnabout maneuvers. Also discussed are primary and secondary roadways and the use of student helpers.

Railroad Crossings

This lesson describes the proper procedures and restrictions for a school bus approaching and crossing a railroad track.

Accident Procedures

This lesson discusses procedures to be followed by a bus driver at the scene of an accident.

Emergency Evacuations

This lesson discusses emergency and nonemergency evacuation policies and procedures for non-special needs and special needs passengers.

Student Management

This lesson discusses the functions of a discipline policy and details rules and procedures school bus passengers are expected to follow.

Certification Test

This Certification Test will assess your understanding of the material presented in this course.
